

RECORD RETRIEVAL FROM PAGE COUNTY DUE TO COVID-19 CONCERNS

Effective Until Further Notice—Created 03/19/2020. Edited 3/20/2020 12:15 p.m.

Records requests should be made to the custodial Courthouse office by telephone, email or fax. Every effort will be made to fulfill those requests in a timely manner. Delivery of the requested information will be completed through phone, fax or email as appropriate.

In the case where records must physically be turned over to the requester from any County Office, requester can arrange, with the office providing those records, transfer at the north or south door of the courthouse. The exchange of records will occur at the door, preventing the requester from entering the building.

If and when adjustments to this process are needed, please contact the Page County Board of Supervisors through Chair Chuck Morris. He can be reached at 712-542-0923 or at chuckmorris.sup@gmail.com

Thank you in advance for your cooperation during these unprecedented times.
